Hi Jason,

As I mentioned, Barbara and I would like to sit down with you and chat about some of our suggestions for this section. I am not sure we will be able to meet next week given the LEAN thing, so if you wanted to take a look and see if you even want to meet, that would be okay too. I am including some context so that you don't open the attached document and go incredible hulk on me.

## Ex. 5 Deliberative Process (DP)

The suggested revisions are not really time-consuming, but I think the challenge will be that we need to be sure we aren't losing information that might not be in other sections, and that we are reiterating the data and conclusions across sections in a consistent way. Let us know your thoughts, and direct any anger at Barbara. Alrighty, then, happy Friday and have a good weekend. We will try to set up a meeting as soon as schedules permit.

Thanks,  
Barbara and Andrew
